Dear Dr. Sherr,

The home you want of was not originally a Duke family home. It was built by Cyphus (Cyphus) and their family. Sherron father passed away (acquired) at London he and Sherron returned to live in Idaho (1928) after Sherron's mother died at their home in Rathwaile, Utah, a small community west of Denver in Boulder County. The Duke family home in Waterfall was built by it, on the south west corner of the intersection. A frame house facing east. The house was large pine trees are in the front yard on either side of the walk leading into the house. Sherron and the Dukes were only as high as the porch very much. The family moved away to Rathwaile, I am enclosing a picture of John Henry Duke and his daughter Sherron taken in front of this later home just in case you need it to include picture of other answer of this fine old home. made and out at what kind of the best materials available. It conditions had been different I would have ~~that~~ loved to have made it our permanent home. It makes me very sad to see it as it now is. Mrs. Duke

The picture I mention in the
 letter was not with the other
 family pictures I have. I must
 have sent it to another family
 member.
 In the future it does seem
 to fight I will send it to you.
 Yours mother and her brother
 It was children of George Washington Lloyd Jr.
 He built the fine old residence house
 across the
 where the Academy was held.
